Arbill Reaches Out to Those in Need

Arbill Safety contributed to Hurricane Katrina relief efforts by donating personal protective equipment to Kevin McPoyle and his two sons when they traveled down to Mississippi to assist in clean-up efforts.

Arbill provided goggles, gloves, protective suits, respirators and flashlights to Kevin, who is a partner in KMRD Partners, Inc. (Arbill's insurance broker), during his trip. Kevin was appreciative of the donation, which allowed him and his sons to work without worry about mold and contamination problems.
